## FRIENDS OF BELLA

**Lacy Procopenko** Introducing Lacy, our new Director of Production! And boy, do we love her. Lacy runs a tight ship - managing the bottling schedules, grape contracts and the vineyard and wine-making teams. She also helps with inventory and marketing! Did we mention budgeting and final wine blends? Yeah, that, too. Plus, she can navigate an excel spreadsheet like nobody's business...whew!

Lacy loves nothing more than hiking the vineyards and the beautiful farms of the Dry Creek Valley. As our resident wine aficionado, she loves to kick back outside with a glass of zin or rosé - there's no one better to enjoy a happy hour with!

Our September add-on is the most gorgeous wine - none other than the **2014 Barrel 32**. With its rich, delicious red fruit flavors and long, silky finish, it's a real showstopper with incredible depth and complexity. Our winemaker, Joe Healy, hand-selects the "best of the best" from our top zinfandel lots grown right here in Sonoma County, including our own Lily Hill Estate.

We are also thrilled to release two incredible wines for September's Wine Club. The gorgeous **2015 Big River Ranch zinfandel** is from our property on a picturesque bench land above the Russian River Valley. This is 14 Acres of 110-year old vines showcasing old vine zin full of character and complexity. And, the **2012 Sonoma County syrah** is so luxurious with all of its rich, dark berry and savory spice notes. This is an amazing syrah, that has a touch of petite sirah and petit verdot for the most elegant Rhône varietal that is perfectly aged for you from the renowned 2012 vintage. Cheers!
